## Upcoming Events

### [2017 Annual Dr. Jean Templeton Hugill Visiting Professor Lecture](#)

**Date: April 26, 2017; 6:00pm**

Location: Room JPPN 3414 (3<sup>rd</sup> floor), Jimmy Pattison Pavilion, 910 West 10th Avenue, Vancouver

### **Title: From Clinical Observation to Publication: The Changing World of Scientific Publication**

The UBC Department of Anesthesiology, Pharmacology & Therapeutics is delighted to announce its annual Dr. Jean Templeton Hugill Visiting Professor Lecture. This year's lecture will be presented by **Dr. Gregory L. Bryson**, an Associate Professor and the Vice-Chair of Research at the Department of Anesthesiology and Pain Medicine at the University of Ottawa. A reception with light refreshments will be held prior to the event at 5:30pm (room JPPN 3151).

---

### [BC Centre on Substance Use 2017 Addiction Research Day](#)

**Date: May 31, 2017; 12:00-1:00pm (Plenary Lecture), 1:00-4:20pm (Trainee Presentations and Awards)**

Location: Hurlburt Auditorium, St. Paul's Hospital, 1081 Burrard Street, Vancouver

The BC Centre on Substance Use is pleased to host its 4<sup>th</sup> annual Addiction Research Day. The event will include a plenary lecture by **Dr. Mark Lysyshyn** (Medical Health Officer at Vancouver Coastal Health) titled *BC's Overdose Emergency: What we've learned and what we still don't know*. The lecture will be followed by poster and oral presentations by trainees and an awards ceremony. This event is free to attend but [RSVPs are strongly encouraged](#).

### Additional Research and Scholarship Opportunities & Resources

#### Summer Research Student – Division of Vascular Surgery

The Division of Vascular Surgery is looking for an **MD student** interested in the fields of vascular surgery, vascular medicine, emergency medicine, and/or healthcare quality improvement for their Summer Research Student position (June to August). This is a volunteer position with the potential for student scholarship. No prior research experience is necessary, but the student should be familiar with Excel. Work hours are flexible and can be determined by the student with approval from the Senior Researcher.

The student will develop research skills including, but not limited to, ethical approval process, data acquisition, statistical analysis, and navigating patient charts and electronic records. The student will work closely with a Senior Vascular Surgery Resident (Dr. Culig) and Vascular Surgeon at the Vancouver General Hospital.

The completed project is anticipated for publication and submission to several national and international conferences, in which the research student may have the opportunity to attend and/or present.

Interested students should send a letter of interest and CV to Dr. Jennifer Culig ASAP at [culigjennifer@gmail.com](mailto:culigjennifer@gmail.com).
