Upcoming Events

[SEMINAR SERIES: CHÉOS Work in Progress](#)

Date: Apr 12, 2017; 12:00-1:00pm

Location: Hurlburt Auditorium, St. Paul's Hospital, 1081 Burrard Street, Vancouver

Title: Automated Confounding Control in Comparative Effectiveness Research: Help or Hype?

The CHÉOS Work in Progress (WiP) Seminar Series takes place on alternate Wednesdays from 12:00-1:00pm. WiP presentations provide investigators with an opportunity to present ongoing research, obtain feedback from colleagues and peers, and make connections for their projects. Attendance is open to all and a light lunch is served.

Speaker **Dr. Ehsan Karim's** (CHÉOS scientist and biostatistician) research focuses on causal inference and observational data analyses in cross-sectional and longitudinal studies. In this seminar, he will compare the performance of the "high-dimensional propensity score" algorithm with popular machine learning approaches used to handle big-data problems.

[Café Scientifique: 3D Bioprinting – Shaping the Future of Health](#)

Date: May 4, 2017; 5:30-8:00PM

Location: Telus World of Science, 1455 Quebec St, Vancouver

Part of the Peter Wall Institute's for Advanced Studies' [Printing the Future of Therapeutics in 3D](#), this event will feature discussion and desserts with experts in the field examining the potential of 3D bioprinting and its related ethical issues. Attendees will also have the rare opportunity to see a bioprinter live in action.
