Funding Reminders

Upcoming Events

Bridging Genes and Environment: How Epigenetics Remembers the Past to Shape Your Future

12th Annual PCHRI Research Day: The Future of Research and Health Innovation

Discovery Talks: Maternal and environmental influences on fetal epigenome

CALL FOR ABSTRACTS: UBC Radiology Research Day 2016

Event Reminders

Additional Research and Scholarship Opportunities & Resources

Summer Internship in Indigenous Educational Research

Reminders

Funding Reminders

[Have a Heart Bursary Program](#) – May 4, 2016

[ALSF Pediatric Oncology Student Training \(POST\) Program \(Reminder\)](#) – May 1, 2016

[Mitacs Globalink Research Award](#) – Ongoing

For additional funding opportunities visit: <http://med.ubc.ca/current-learners/research/funding/>.

Upcoming Events

[Bridging Genes and Environment: How Epigenetics Remembers the Past to Shape Your Future](#)

Date: Apr 27-29, 2016

Location: Life Sciences Centre Lecture Theatre 1, 2350 Health Sciences Mall, V6T 1Z3

The UBC Centennial Emerging Research Workshop on Epigenetics aims to bring together researchers from across UBC to better understand the profile of epigenetics research at UBC. This workshop will include presentations from UBC and international scholars showcasing the latest research in the field. Abstracts are still being accepted as of today. Students must register for the workshop [here](#). Visit the website (hyperlinked above) for a full event schedule.

[12th Annual PCHRI Research Day: The Future of Research and Health Innovation](#)

Date: May 9, 2016; 10:00am-1:00pm

Location: La Versailles Ballroom A and B, Sutton Place Hotel, 845 Burrard St.

PCHRI Research Day celebrates Providence Health Care's research excellence. Students working with PCHRI researchers are invited. This year's keynote speaker is **Ms. Shauna Turner**, Chief Innovation Officer, speaking on innovation in research. The 2016 Research and Mission Award will be announced at the event, followed by a presentation from the recipient on their research. RSVP to research@providencehealth.bc.ca by May 3.

[Discovery Talks: Maternal and environmental influences on fetal epigenome](#)

Date: Apr 26, 2016; 4:00pm-5:00pm – Videoconferencing available

Location: Chan Centre for Family Health Education, BC Children's Hospital, 938 West 28th Ave, Vancouver

CFRI's Discovery Talks is an international seminar series featuring influential research leaders from around the globe. This session features **Dr. Karin Michels, Associate Professor, Harvard Medical School**, speaking on

Student Research News e-bulletin

maternal and environmental influences on the fetal epigenome. Dr. Michels holds a doctorate in epidemiology from Harvard University, and a doctorate in biostatistics from the University of Cambridge. Please RSVP via the website hyperlinked above. Videoconferencing is also available – email healthystarts@cfri.ca with your facility name, room number, and IP/alias address.

CALL FOR ABSTRACTS: [UBC Radiology Research Day 2016](#)

Date: ABSTRACT DEADLINE: May 13; SUBMISSION DEADLINE: May 27; EVENT: Jun 15, 2016; 11:00am-4:30pm

Location: Paetzold Auditorium & Atrium, 1st Floor, Jim Pattison Pavillion, Vancouver General Hospital

UBC Radiology Research Day is hosting a Call for Poster Abstracts for residents, fellows and **medical students** to participate in the Canada Diagnostic Center's Electronic Poster Contest. The winning poster will receive \$150. Research must have been produced during the last academic year (July 1, 2015 – June 2016), and submissions must specify if they are educational or scientific. Approved abstracts will give a 5 minute podium presentation with 2 minutes for questions. Format is flexible but aim to include the Title, Author & Co-Author(s), Objective, Results, and Conclusion. Upload poster submissions [here](#); password **researchday**. Questions: christie.fong@vch.ca.

Event Reminders

[Praxis 2016 – Bridging the Gaps From SCI Research to Improved Outcomes](#) – Apr 25-27, 2016

[Workshop on Innovation, Precaution, and Sustainability](#) – Apr 26, 2016

[UBC Centennial Session in Global Health: The Neglected Global Diseases Initiative at UBC](#) – Apr 28, 2016

[SBN: Genome BC Poster Competition](#) – ABSTRACT & REG. DEADLINE: May 2, 2016; EVENT: May 13 2016

[Clinical Research Ethics Board Office Drop-In Sessions](#) – Every 2nd & 4th Monday of the month

For additional event listing visit: <http://med.ubc.ca/current-learners/research/events/>.

Follow this [link](#) for a list of **ongoing events and seminar series** that may be of interest to MD students.

Additional Research and Scholarship Opportunities & Resources

Summer Internship in Indigenous Educational Research

Drs. Nadine Caron and Kendall Ho are looking for **one medical student and one student enrolled in one of the non-MD health professional programs at UBC** to work on their research project investigating whether Indigenous Traditional Medicine training intended for health care professionals in practice can be utilized and/or adapted for health care professionals in training. The students' role will include preparing an application for submission to the UBC Behavioural Research Ethics Review Board and performing qualitative and quantitative data collection. The work period will extend from June to August at 35 hours per week. **The application deadline is May 1st, 2016.** Please see the full position description [here](#) for the full project summary, student responsibilities and application instructions.

Reminders

Additional research and scholarship information and resources are available on the Student Research website: <http://med.ubc.ca/current-learners/research/>.
