Sometimes science at a university happens in a way that is isolated from the general public. Café Scientifique is an informal seminar series hosted by the Centre for Biomedical Research that provides insight into health-related issues and general science topics of popular interest to the general public. These seminars are opportunities for the public to meet local researchers and discuss some of the most interesting and sometimes contentious research currently underway in Canada. The health related topics are co-funded by the Canadian Institutes for Health Research (CIHR).

As seats are limited, please contact cfbr@uvic.ca 250-472-4067 for RSVP or for more information.

Speaker: Dr. John Paul McGhie, BC Cancer Agency

[MD/PhD “Building Bridges” Seminar Series – Dr. Adeera Levin](#)

Date: Nov 17, 2014; 6:00 -7:00 pm

Location: Medical Student Alumni Centre, 12th Avenue & Heather Street, Vancouver, BC. Videoconference: Victoria: MSB 131, Kelowna: RHS 227.

This seminar series is aimed at illustrating the relationship between clinical practice and medical research. The meetings offer a relaxed atmosphere to profile individuals who have successfully combined clinical and research aspects into their medical careers. In addition to discussing their active research, the invited speakers also discuss their experiences, discuss their training background, share their advice for prospective clinician-scientists, and offer their opinions on career development options for clinician-scientists. All faculty, clinical investigator trainees and students in the Faculty of Medicine are invited.

Invited speaker: [Dr. Adeera Levin](#)

Professor, Department of Medicine, UBC

Head, Division of Nephrology, Department of Medicine, UBC

Executive Director, BC Provincial Renal Agency

President-elect, International Society of Nephrology
