Upcoming Events

[Tools 4 POR: St. Paul's Hospital](#)

April 15, 2019, 12:30-4:30PM

Location: Conference Room 6, lower level Conference Centre, St Paul's Hospital

The BC Support Unit invites you to their event which aims to provide research teams with exposure to existing tools and resources for patient-oriented research. This is an interactive workshop which will bring in the existing knowledge and expertise from patient-oriented research to the table to help inform the what, how and impact of health research. For more information and to register, please visit the website hyperlinked above.

[Injection Drug Use and Food Insecurity Among People Living with HIV-HCV Co-Infection](#)

April 17, 2019, 12:00-1:00PM

Location: Hurlburt Auditorium, Providence Building Level 2 St. Paul's Hospital

This lecture event will be led by **Dr. Taylor McLinden**, who is a Postdoctoral Fellow at the BC Centre for Excellence in HIV/AIDS (BC CfE). While completing his PhD (Epidemiology) at McGill University, he developed methodological expertise in the areas of longitudinal data analysis, causal inference, and missing data. The talk will cover Dr. McLinden's thesis related to substance use and food insecurity among people living with HIV-hepatitis C virus co-infection in Canada. Register via the website hyperlinked above.

April 12, 2019

[Cannabis Research 101](#)

April 25, 2019, 12:00-1:00PM

Location: Paetzold Multi-Purpose Room, Vancouver General Hospital, 899 West 12th Avenue, Vancouver

The Vancouver Coastal Health Research Institute invites you to hear from three researchers working in the field of cannabis research. The talk will be led by **Dr. MJ Milloy** (whose research focuses on the interrelationships between illicit drugs and HIV/AIDS, as well as the effects of cannabis on people living with HIV/AIDS or addiction), **Dr. Jeff Brubacher** (whose research focuses on road safety with a special interest in drug impaired driving and traffic policy evaluation), and **Dr. Alice Schabas** (who did her neurology residency training here in Vancouver and completed a fellowship in multiple sclerosis at the University of British Columbia). To register, follow [this link](#).

Event Reminders

[The 15th D. Harold Copp Lecture](#) – April 16, 2019, 4:00-5:30PM

For additional event listing visit: <http://www.med.ubc.ca/current-learners/research/stay-connected/>.

Additional Research and Scholarship Opportunities & Resources

[Doctors of BC Student Internship Opportunities](#)

Deadlines: Friday, April 26, 2019 – late applications may be considered until mid-May

To see the complete job descriptions, please access the hyperlinked titles.

[Medical Student Internship](#)

In this position, the Medical Student Intern will report to the Director of Policy and work closely with the Policy department. Key projects and responsibilities include assisting with researching and evaluating peer reviewed and grey literature related to healthy aging and preventing/delaying frailty, as part of Doctors of BC's Council on Health Promotion policy project.

[Student Internship, Surgical Support, Specialist Services Committee and Shared Care Committee](#)

In this position the Medical Student Intern will report to the Director of the Specialist Services Committee and work closely with both the Specialist Services Committee and the Shared Care Committee to support the launch of surgical based initiatives. Responsibilities include general support for the creation and review of the Surgical Optimization Toolkit which will be used at 17 sites across the province starting Sept 2019.

[Incorrect Surgical Counts Working Group](#)

Deadlines May 6, 2019

This internship opportunity within the BC Patient Safety and Quality Council allows for an undergraduate medical students to be involved in the project *Incorrect Surgical Counts Working Group*. This experience will allow for the student to spend time in the operating room with surgeons/nurses/anesthesiologists as well as radiology technicians to see how the count process works for all stakeholders. It also includes literature reviews and data analysis. For the complete job description and for application instructions, please visit the website hyperlinked above.

Reminders

[Canada Diagnostic Centre's Poster Contest](#) – Deadline May 8, 2019

[Volunteer Summer Research Opportunity: Use of Nabilone in Palliative Care](#) – email Dr. Pippa Hawley at hawleyp@mail.ubc.ca

[UBC Library Resources](#)

[Otolaryngology/ENT Medical Student Interest Group](#)
