### [Earl W Davie Research Symposium](#)

**Date: REGISTRATION – Oct 11, 2019; EVENT – Nov 13, 2019**

Location: UBC Robson Square Theater (800 Robson Street, Vancouver)

This annual 1-day symposium, in honour of Dr. Earl W. Davie, discoverer of the coagulation cascade, features presentations by local experts in vascular biology, hemostasis-thrombosis, cardiovascular and neurologic disease, and facilitates knowledge exchange between researchers and physicians. This year's symposium focuses on cutting edge advances in the understanding and treatment of hemophilia, thrombosis, and bleeding disorders. Registration for poster presentations closes October 11, 2019. Please visit the website (hyperlinked above) to register and view a full program of events.

### Additional Research and Scholarship Opportunities & Resources

#### Research Collaboration Opportunity: Brigham and Women's Hospital Division of Cardiac Surgery

The Division of Cardiac Surgery at Brigham and Women's Hospital is seeking a student (MD or non-MD) with experience in database research or coding to collaborate with our Outcomes Research group. The group has a track record of high-impact projects, including the J. Maxwell Chamberlain Paper at the 2019 Society for Thoracic Surgeons and the 2019 C. Walton Lillehei Prize at the American Association for Thoracic Surgeons, as well as regular publication in Cardiothoracic Surgery and Cardiology appropriate journals. The ideal candidate will have experience with database coding. This is a volunteer, part-time, time-flexible position with remote collaboration. Interested applicants should contact Dr. Ed Percy at [epercy@bwh.harvard.edu](mailto:epercy@bwh.harvard.edu) with their CV and a brief statement of interest. Dr. Percy is a UBC cardiac surgery resident conducting a research fellowship at Harvard.
