Opportunities & Awards

Funding Opportunities:

2024 Brain Tumour Research Studentship Grant

Funding Reminders:

CHS Summer Studentship in Inherited Bleeding Disorders Research

Dr. and Mrs. W.C. Culp Student Research Grant

Charles Hollenberg Summer Studentship Program 2024

Endocrine Society Research Experience for Graduate and Medical Students

Events

Upcoming Events:

Clinical Trials BC Symposium 2023: Approaches for Accessible Clinical Trials

Centre for Advancing Health Outcomes: Bridging the Gap Between Data, Research, and Care

BC Rural Health Research Exchange

Richmond Research Showcase

Ongoing Events:

Women's Health Seminar Series

Evening Comparative Physiology Seminar

Biodiversity Research Seminar Series

Neuroscience Research Colloquium

Comparative Physiology Invited Speaker Seminar

Other Research Opportunities

Opportunities & Awards

Funding Opportunities:

[2024 Brain Tumour Research Studentship Grant](#)

Application deadline: Jan 26th, 2024

Amount: \$10,000

Brain Tumour Foundation of Canada raises funds to provide vital services and program for the brain tumour community. We also lead research into the cause of and cure for this devastating disease through a variety of funding opportunities including the Brain Tumour Research Studentship. The award provides students opportunities to gain experience in Brain Tumour Research and its research methods. Successful applicants will receive \$10,000 over two years (\$5,000 per summer). Funding will be granted for students working on projects in June, July, and August 2024 and June, July and August 2025 (unless otherwise requested).

Click link above for more information.

Funding Reminders:

Deadline	Award
30-Nov-23	CHS Summer Studentship in Inherited Bleeding Disorders Research
15-Jan-24	Dr. and Mrs. W.C. Culp Student Research Grant
16-Jan-24	Charles Hollenberg Summer Studentship Program 2024
20-Jan-24	Endocrine Society Research Experience for Graduate and Medical Students

Events

Upcoming Events:

23-Nov-23, 12:00pm-2:00pm (Virtual)

[UBC Supercluster Research Day 2023: Registration is now open!](#)

Please join us for a stimulating afternoon of artificial intelligence (AI) research presentations! This 2-hour fully virtual event will include a faculty presentation by Dr. Roger Tam, a product demo by Synthesis Health, and four student research presentations by UBC learners from the Faculty of Medicine and School of Biomedical Engineering.

To receive the Zoom link for this event, please complete this short [form](#).

The full event program with presentation descriptions can now be accessed by clicking the link above.

28-Nov-23, (Hybrid; Jack Poole Hall – Robert H. Lee UBC Alumni Centre or Virtual)

Clinical Trials BC Symposium 2023: Approaches for Accessible Clinical Trials

Our symposium brings together BC's clinical trials community to share knowledge and discuss how we can build a more robust clinical trials ecosystem that improves health and healthcare across the province. This year's theme focuses on new approaches, technology, pathways and regulatory initiatives that make clinical trials more accessible for participants, trialists, clinical trial professionals and administrators, communities and other relevant parties.

27-Nov-23, 1:00pm – 2:00pm (Virtual)

Centre for Advancing Health Outcomes: Bridging the Gap Between Data, Research, and Care

Are you looking for clinical research support services and expert faculty for collaborations? This presentation will provide an overview of the clinical research services, faculty members and programs available at the Centre for Advancing Health Outcomes (formerly the Centre for Health Evaluation and Outcome Sciences). Additionally, the speaker, Erin Cherban, Chief Clinical Officer will provide details about free clinical trial education resources and certifications available to BC researchers and their staff.

Click link above to register.

29-Nov-23, 8:30am-12:30pm (Virtual)

BC Rural Health Research Exchange

The BC Rural Health Research Exchange (BCRHRx) is a virtual half-day event filled with brief rapid-style presentations designed to inform, engage and share current rural research in British Columbia. One of the main objectives of BCRHRx is to promote rural health research projects in British Columbia. To do this, RCCbc welcomes researchers, clinicians and trainees (students) to present their ongoing and/or completed rural health research in a concise, visually interesting and rapid presentation style. Everyone is welcome to join the sessions and to ask questions and network with the presenters. The sessions will also be recorded and available to view afterwards. To learn more about joining as a participant or a research presenter, please visit website.

Click link above to register.

1-Dec-23, 11:30am-3:00pm (Richmond Hospital Auditorium)

Richmond Research Showcase

Join us as we celebrate and showcase past, present and upcoming research projects within Richmond Community of Care. This year-end event will bring VCH-Richmond staff together to celebrate clinical research led by inspiring front-line staff, with a focus on direct and indirect research impact on clinical care. All medical, nursing and allied professional staff are invited to attend this event, celebrating research in VCH-Richmond. This is an opportunity to learn, support your colleagues, and become inspired by the impactful research in your (clinical) backyard to help shape future practice in Richmond. Register to enter a prize draw! For more information, contact Nasia Sheikh at nasia.sheikh@vch.ca.

Click link above to register.
