Funding Reminders:

Deadline	Award
30-Apr-24	Canadian Celiac Association Dr. J. A. Campbell Young Investigator Award
7-May-24	Canadian Cardiovascular Society Have a Heart Bursary Program

Events

17-Apr-24 (Chan Auditorium, BC Children's Hospital Research Institute and Online)

[Increase BC: Interdisciplinary Conference in Rehabilitation Science BC](#)

Interdisciplinary Conference in Rehabilitation Science of BC (INCREASE BC) is a collaborative initiative between the UBC Division of Physical Medicine and Rehabilitation, Rehab Research Program, Vancouver Coastal Health Research Institute (VCHRI), and the UBC Rehabilitation Sciences Executive Committee. The mission of INCREASE BC is to improve research in rehabilitation, which enables us to advance collaborative rehabilitation care and improve the lives of people living with disabilities, injuries, and chronic health conditions in British Columbia. The day is open to researchers, rehabilitation clinicians, physicians, students, and those with an interest in rehabilitation science and research. The keynote sessions will revolve around the theme of **"Integrating artificial intelligence in rehabilitation"**.

25-Apr-24 9:00am-6:30pm (Fairmont Pacific Rim)

[LSBC's Inaugural Digital Health Conference](#)

We are thrilled to launch our inaugural Digital Health Conference on April 25, 2024. This day-long event will connect sector leaders for in-depth discussions on the important role digital health has in the future of healthcare. As health technologies evolve, they present unprecedented challenges and opportunities to improve patient care and individual health outcomes. From AI-powered medical devices and diagnostics to technologies accessing real-time data, the possibilities for digital health truly are exciting. The event will offer comprehensive programming which includes company pitches, insightful keynote presentations, engaging fireside chats, and thought-provoking panel discussions focusing on innovations within the digital health sector. Join us in shaping the conversation and learn about the evolution of British Columbia's health tech/digital health sector.

24 May-24 to 26-May-24 (Whistler Conference Centre)

[BC Rural Health Conference](#)

RCCbc's annual BC Rural Health Conference (RHC) is more than just continuing medical education—it's about connecting rurally based colleagues and fostering community and collaboration. This highly anticipated event is back at Whistler for RCCbc's 2024 BC Rural Health Conference on May 24-26, at the Whistler Conference Centre. We are thrilled to feature an amazing line-up of speakers and topics in our program that is packed with opportunities to network and interact with individuals who can share and learn the unique benefits of rural practice.

31 May-24 to 1-Jun-24 (Vancouver Marriott Pinnacle Downtown Hotel)

[BCCSU: 6th Annual BC Substance Use Conference](#)

This year's conference will be held May 31 and June 1, 2024. To enable province-wide participation, we will be hosting a blended conference this year, with both virtual and in-person options for attendance. The in-person program will be held at the Vancouver Marriott Pinnacle Downtown Hotel.

The conference theme this year is *From Idea to Implementation: Putting Evidence, Experience, and Ways of Knowing into Action*. We hope this theme will facilitate discussions focused on ways to implement new and innovative research, clinical guidance, and accumulating clinical and lived experience into an accessible, flexible, inclusive, equitable, and person-centred system of substance use care that is able to adjust to the rapidly evolving needs of people who use substances.

31-May-24 to 1-Jun-24 (Pan Pacific Vancouver)

[Providence Health Care: 2024 West Coast Conference on Aging](#)

Step into the 2024 West Coast Conference on Aging, a visionary event poised to redefine the future of seniors' care. Here, distinguished speakers will illuminate paths towards a more equitable healthcare system for our aging population.

This dynamic two-day experience brings together some of the most innovative people in health care—leaders, clinicians, change makers, people with lived and living experience, and policymakers—in a powerful exchange of ideas and solutions. Delve into crucial discussions, covering topics from the socioeconomic dimensions of aging, to the unique health and wellness experiences of Indigenous peoples and 2SLGBTQIA+ individuals across the spectrum seniors' care services. Discover how we can integrate and elevate person-centered care philosophies across all healthcare services, fostering a culture of inclusivity and deeper understandings.

Explore new horizons in clinical care and support services, focussing on those living with intellectual disabilities and dementia.

Engage in thought-provoking conversations about creating nurturing environments for seniors, including those with histories of trauma and substance use.
